

# CURTIN

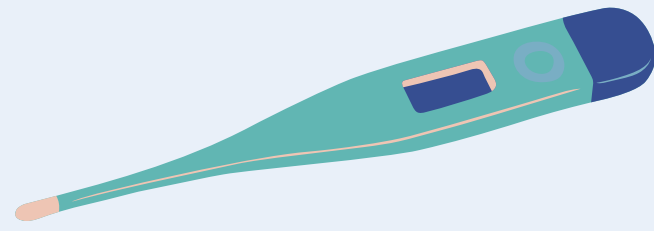

Convention & Exposition Services, Inc.

[www.curtinconvention.com/covid19](http://www.curtinconvention.com/covid19)

## Safety Protocols under COVID-19

### Temperature Checks.

All employees are required to have their temperature taken prior to the start of the work day.

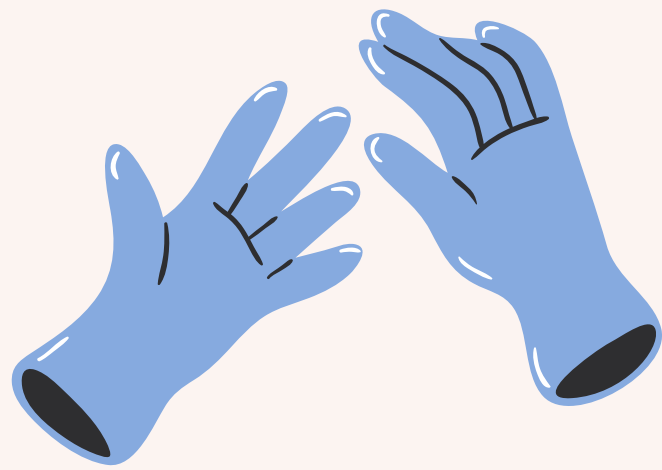

### Sanitizing Hands.

Curtin has hand sanitizer on site for all employees to use. Employees wash their hands frequently.

### Disposable Gloves.

Disposable gloves are provided to Curtin employees prior to commencing work, and after the use of hand sanitizer. Employees are encouraged to change their gloves often.

### Face Masks.

Curtin requires all employees to wear face masks. Masks are provided to employees after they are given disposable gloves.

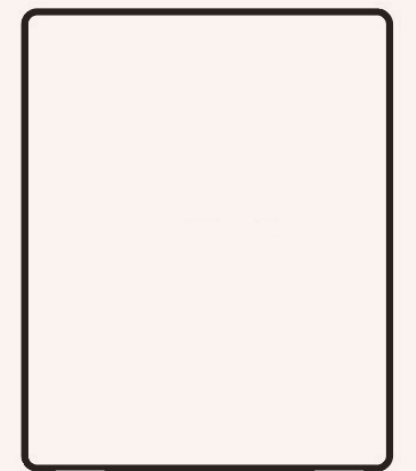

### Practicing social distancing when possible.

Limiting exposure by practicing social distancing as tasks permit.

### Protective Barriers.

Protective barriers in place when and where possible.

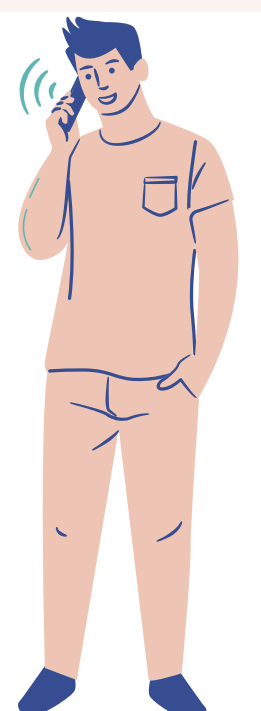

### Wiping down used equipment.

Disinfectant wipes are provided to Curtin employees to wipe down commonly touched surfaces on our trucks and shared equipment.

**If you have any questions or concerns, please call the Curtin office at (415) 883 -7818**

**\*Continued conversations with our employees regarding their safety and that of our clients before work commences and onsite.\***
